

Dear Fellowship Administrator

We have developed the BOTA Fellowship Finder as a hub for UK trauma and orthopaedic trainees to search for post CCT fellowships. The website is now live at [www.fellowshipfinder.org.uk](http://www.fellowshipfinder.org.uk)

The website is new, and as such we currently welcome all institutions offering post CCT training in trauma and orthopaedics to advertise for free for the first year. There is no commitment to continue advertising beyond the first year and no sign up or financial details are required. Adverts can be removed or amended by emailing the admin on the email below.

If you would like to take advantage of this offer, please include the following information in an email to [admin@fellowshipfinder.org.uk](mailto:admin@fellowshipfinder.org.uk), and I will sort the rest:

Fellowship Title

Fellowship Description (as many words as required)

Sub Specialty Area (main focus)

Hospital Name (base site)

Contact Email Address (for trainees to contact you about the fellowship)

Supervisor Name

Salary for 12 months (pro rata if dates are less than 12 month term)

Cases per 6-Months (average in logbook of previous fellows)

Out Of Hours Commitment (please give details)

Start/End Date

Yours sincerely

Peter S E Davies

ST7 in Trauma and Orthopaedics

East of Scotland Deanery
